

# Mountfitchet Castle - Covid-19

## Our 'Visit Safely' guidelines for schools and groups.

Prepared April 2021

We're Good to Go!

By complying with all government guidelines we have been granted the 'We're Good to Go' certificate from Visit England, the National Tourist for England for all visitors including schools and groups.

We do have some rules that we have to follow to be Covid Secure:-

1. We will be restricting the number of children allowed on the site at any one time on any given day to ensure that social distancing can still be followed. Please do call the office on 01279 813237 for further details and possible free dates for your proposed visit.
2. There is now a one-way system clearly marked out in the entrance lobby, shop and all indoor areas.
3. There are many hand sanitisers dotted about the site but we would also like to encourage group leaders to bring their own if possible for frequent use for their own group.
4. There are many signs throughout the site encouraging frequent hand washing. Hand washing facilities are available in the picnic area, the toilet block and within the Toy Museum. We use antibacterial hand soap in all our dispensers.
5. The toilet block is cleaned with an antibacterial product regularly throughout each day.
6. Contact surfaces are cleaned regularly throughout each day with approved antibacterial spray. These areas include door handles, hand rails, buttons, counter surfaces, tables and benches, gate handles and inter-active items such as the helmets, stocks, swords etc. that children can handle.

If you have any further concerns or queries please do call the office on 01279 813237 and we will help you to make your visit as safe, fun and educational as possible during these difficult times.
